macys.com Application Registration

Application Registered!
Your API keys are:

Catalog & Store Services

Key: vqzmm9paz7ucsbnbhp7m7bn

Application	macysapidocumentation
Key:	vqzmm9paz7ucsbnbhp7m7bn
Status:	waiting
Registered:	3 seconds ago

4

Key Rate Limits
2 Calls per second
5,000 Calls per day

Once you are granted access to the key(s) you requested, the status of the key(s) will change from "waiting" to "active". You will also receive an email when your keys are approved that will also indicate your rate limits. If your application does not qualify for the Macy's API program you will be notified via email in 1-2 business days.
